Welcome!

If you previously saved your email with check-in, please enter it below to retrieve your data. If you did not previously save your email, you can leave this field blank.

Enter your saved email for quick check-in

① clear ②

We do not have that email address on file. Either adjust the email or clear it then click *Start Check-in* below. ③

Start Check-in

Wireframe Notes

1. Users enter their email if they saved it on a previous visit to speed up the check-in process.

2. This clears the email field.

3. Error messaging appears upon clicking the Start Check-in button if they email isn't one the system has previously saved.

   If an invalid email address is entered, the user sees:

   You must enter a valid email address.

Step 1 of 2 ①

Every field, except email address, is required to complete check-in. Enter your email address for quick check-in next time your visit.

Number of Adults (Age 18+)   [− | 1 | +] ②

Number of Children (Age 0-12)   [− | 1 | +] ③

Last 3 digits of postal code as letter number letter.   [   ]

Adult relationship(s) to the children

☐ Parent
☐ Extended Family   ④
☐ Caregiver
☐ Other

Save Your email for fast check-in (not required)   [   ] ⑤

☐ Check this box if you wish to receive emails from us regarding upcoming programming.

[Cancel] ⑥   [Continue] ⑦

Wireframe Notes

1. Informs the user of their progress.

2. Adjust the number by clicking the plus or minus buttons or by typing it in. The value cannot be less than 1 or above 4.

3. This number can be modified the same way as the field above. The value can not be less than 1 or above 9.

4. Entering an email address speeds up the check-in process the next time. This can be left blank.

5. Checking this box adds the user to the digital mailing list.

6. Returns the user to the Entry Point. (See page 2)

7. If there are no field-level validation errors, the user is taken to Step 2 of the process. See the next page to learn what happens when errors are present.

Provide the following information to complete check-in. You can also enter your email address for this information to be saved to speed up your next check-in. All fields are required unless otherwise indicated.

⚠ There is an error in your form below. Fix the error before proceeding. ①

Number of Adults (Age 18+)   [− | 1 | +]

At least one adult must attend ②

Number of Children (Age 0-12)   [− | 1 | +]

At least one child must attend. ③

Last 3 digits of postal code as a letter, number, letter.   [   ]

Last 3 digits of your postal code is required ④

Adult relationship(s) to the children
- ☐ Parent
- ☐ Extended Family
- ☐ Caregiver
- ☐ Other

Select at least one relationship ⑤

[Cancel]   [Continue]

Wireframe Notes

1. If any field-level validation errors are present when *Continue* is clicked, a message appears at the top of the page. It disappears as soon as all of the errors are corrected.

2. An error appears if the user enters zero for adult attendees. If the user enters 5 or higher they will receive the error:

   A maximum of 4 adults can attend.

   This error disappears as soon as it is corrected.

3. An error appears if the number of children is zero. If seven or more children are indicated, the following appears:

   A maximum of 6 children may attend.

4. An error appears if the user leaves the postal code empty or incorrectly enters the last 3 digits.

5. An error appears if no boxes are checked for relationship(s).
